### **IELTS Preparatory Coaching**

Dear Gerard,

I am writing this email to thank you for the wonderful training provided by you. Particularly, the training you gave to improve my speaking skill was remarkable. You were a great listener, coach and cheer leader as well. You had always encouraged me with your positive words. You always had more belief about my ability than what I had on myself. This created more positivity around me.

Thank you for your guided training. You are certainly the best IELTS trainer, who coached me to achieve a CEFR Level of C1

Zeenath Zubaidha.

Hi Sir,  
I am grateful that I took this IELTS preparation class. The online timings suited me well and I was able to manage with my office timings. The course structure was well organized and helped me understand each module before moving to the next module. The writing assignments with the corrections helped to improve my scores along the way. The one-to-one speaking sessions aided me in simulating a real-time speaking test and improvising my speaking skills. One small suggestion from my side is to have started the speaking session during a much earlier phase of the course so that even more speaking sessions would have been made possible. Overall, I learned and benefited a lot by taking the course and aced with an overall 7.5 band score. I would highly recommend this course to anyone who is aiming for a good score in IELTS. Once again, thanks for your guidance and thorough support throughout the course!

Thanks & Regards,

Hello sir,  
I thank you for taking the time to guide us through this course. I appreciate all the helpful advice and direction. The course was very well organised, and I also appreciated how flexible the timing was. The tasks had ample lead time, allowing us to complete everything on schedule.  
Because the course was self-paced, we were able to learn at our own rate without feeling rushed. I consider my speech to be confident and fluid, aside from the test perspective. Overall, I thought the course was helpful and it enabled me to pass the exam with a respectable band score of 7.5.  
I would unquestionably advise my friends to take this course.

Thanks and regards,  
Manisha Grace.
